Help, hope and purpose

# A place to call home – Central Coast

*Integrated social housing with 24/7 support for people with mental health challenges to find help, hope and purpose in their lives.*

This brand-new development offers one-bedroom homes within a unit complex, each offering: main bedroom with built-in wardrobe, bathroom, kitchen and eating area, European laundry, lounge room and outdoor courtyard or balcony.

There are also well-appointed community and lounge areas, kitchen, meeting spaces and on-site overnight facilities for qualified and experienced around-the-clock support staff. Set in beautifully landscaped grounds, Haven Central Coast will provide a great environment to focus on recovery, create a sense of community and to feel at home.

Haven Central Coast will be built by The Haven Foundation, with support from local mental health carer support group, Home on the Central Coast. The Haven Foundation, a subsidiary of Mind, are a specialist community housing provider delivering quality social housing to people with mental health-related disability.

Mind Australia will provide 24/7 onsite support to residents from qualified mental health workers.

Home on the Central Coast is a community not-for-profit organisation driven by carers, community workers and community members who recognise the need for supported permanent accommodation for people with mental health challenges who cannot live independently or are at risk of homelessness.

The location is yet to be secured. It will be located in the Central Coast region, close to public transport, local shops, and other amenities.

Haven Central Coast will be funded by the New South Wales Government.
